# Who Are We? What Do We Do?

**Rejoys Care Solutions is a healthcare agency working across the United Kingdom, specialising in providing temporary, contract and permanent staff.**

We use our knowledge to recruit only the best and most suitable nurses, health care assistants, and other supporting staff. Our clients trust us to place the right staff in the right roles with many requests coming at short notice.

While working closely with our public and private clients, we are able to respond at short notice with nurses, care givers and other supporting staff of all grades and qualifications, including chefs, kitchen assistants and domestic cleaners or launderers. At Rejoys Care Solutions we believe that relationships are built on knowledge and trust.

## Why Clients Want To Work With Us

1. A trained consultant dedicated to your establishment who understands your specific requirements and needs.
2. Last minute specialists who can find appropriately skilled Nurses and Healthcare Assistants on short term, long term or ad hoc basis.
3. Our stringent vetting procedures ensure we only supply staff who are 100% compliant and in line with the most up to date standards as set out by regulators.
4. Effective & timely incident and complaint reporting with pertinent protocols.
5. 24/7/365 access to trained, general and specialist nurses and healthcare assistants/support workers.
6. Placing only the most suitable candidates according to the complexity and nature of the assignment.
7. Team of experienced medical staff, unparalleled service delivery and a commitment to excellence.

## RECRUITMENT & TRAINING

Healthcare professionals joining Rejoys Care Solutions do undertake several verification checks. These include:

- Enhanced DBS checks
- Professional registration and Qualification's check
- ID verification & right to work check
- Health Assessments
- Referencing & Employment history check

After the verification process, a comprehensive training programme is given to meet the required competency. All training is provided through a qualified trainer and modules are fully accredited and the training will be renewed on an annual basis.
